

Dual Slider Driver Window: Updated Design

AROW Global is now able to replace the existing aluminum filler panel with fixed tempered fritted 6mm glass. The sliding sash glazing is unaffected by this change.

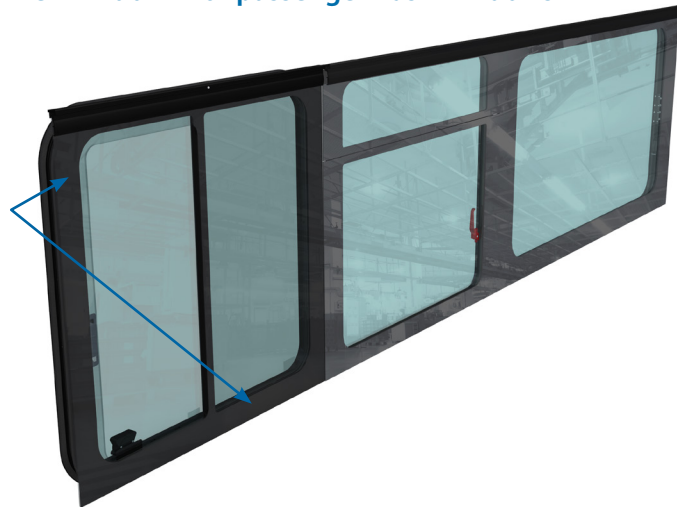

BENEFITS OF THIS NEW DESIGN INCLUDE:

- Improved aesthetic appearance
- Better quality
- Matches appearance of passenger windows
- Increased abrasion resistance

PREVIOUS ALUMINUM DESIGN

Aluminum Dual Slider Driver Window with passenger flush windows

Aluminum filler panel surrounding sliding sash.

UPDATED GLASS DESIGN

Glass Dual Slider Driver Window with passenger flush windows

Fritted tempered glass surrounding sliding sash.
