

# LOGAN SCHWEITZER

Production Lead, Assembly

*"I can't really sit still, that's one of those things where you start looking at the clock and that's what makes the days drag on. In my position specifically, I'm always on the move and that's not necessarily a bad thing. I'm always able to help somebody out and that's something that I love to do."*

JOINED AROW IN 2015

## **JOB DESCRIPTION**

As a Production Lead I supervise the line and help jobs flow through that line. If anybody runs into any issues throughout the day I'm there to help them get the answers that they need so that they can complete their tasks.

## **HOBBIES & INTERESTS**

I like to work on my car. Drive my car around, I do auto-cross. I'll take my car out onto a track. Otherwise home improvement, stuff like that.

## **HOW WOULD YOU DESCRIBE WORKING AT AROW?**

When you walk through the door you get a nice family environment. People really take the time to get to know you, if you had any questions I would not doubt that somebody would come up and help you out. Where other roles I've experienced myself people really only care about themselves, where everybody here is a team. And if one fails we all fail.
